

US\$ RMT

We are with you around the world

Vision

We currently deal with remittances in more than 50 countries around the world. And we have shares with airlines/hotels/car manufacturers/companies of different countries. We invest your invested money in different countries for short term. And pay your dividend from here.

Mission

By 2030 we hope to build a huge network worldwide. And in each country we will develop our own hospital education health. The benefits of which will be enjoyed by our customers.

What is US RMT?

We usually always invest in famous brand companies in the world. And our investments are mainly small and large scale. The money you invest with us, we invest in our partner companies and the biggest investment here comes from remittances. Dividends which we distribute to our customers. In addition, one of our investors is appointed as a company shareholder or at various levels of responsibility through some references or team building. And we give him all kinds of facilities.

9. Senior Country Director will receive \$200 per month for vehicle fuel expenses. And for the driver you will get another \$150.

(For new account deposits contact your country director. Or speak in your native language with your own country name and ID number from the chat option on our website)

Our Future Plans

We will build our own hospitals in every country by 2026. Where we will provide free service for every member and his family.

All hotels and airlines in the world are in our network. There will be maximum discounts for each member.

We will involve the people of around 50 countries in our network to reduce the poverty rate.

A special scholarship scheme for each member and his/her family children for higher education abroad will be formulated by 2025.

By the year 2030, we will connect all types of daily necessities to our network.

Note: Our aim is to build a global human network
